enesco®

January 2011

Step into the magical world of Disney with an enchanting selection of products from Enesco, featuring timeless characters and collections we all know and love...

The Walt Disney Classics Collection bears that name with pride as it upholds the standards of imagination and excellence established by Walt Disney himself. It starts with a dream...and ends with a dream come true in porcelain. One magical moment is picked from the animated film, and from then the sculptors use all of the film's production resources to assure complete authenticity to the film's spirit and artistry.

Disney Traditions combines the magic of Disney with the artistry of Heartwood Creek by Jim Shore. Whether it is the spark of romance, magic spells or gallant chivalry, Jim Shore brings the beauty and universal appeal of Disney characters into a unique blend of enchantment and Americana folk art.

BRITTO

Disney by Britto captures the fun and whimsy of Disney characters in the iconic, bold and colourful designs of Brazilian artist Romero Britto, creating a new array of dynamic and contemporary product for Disney and Britto enthusiasts alike.

The Disney Showcase Collection from Enesco is exactly that – a showcase of all of the best-loved characters from the magical world of Disney. A range of detailed, hand-painted and character-correct home décor and gift items.

Grand Jester Studios shows off dynamic busts designed to capture all the grandeur and power of Walt Disney's noblest heroes, loveliest heroines, and vilest villains!

General

Each Princess is RFID (radio frequency identification) enabled, which is a type of technology that uses radio waves to automatically identify objects. Similar to a barcode, but it does not rely on line-of-sight scanning as a barcode does. So when you place the Princess on to the musical base, the appropriate tune will be played.

4020794 Princess Musical Base
Height: 6.0cm
3 x AAA batteries required
